### General Concept of Education in Lithuania

*“The main goal of educational reform is an **independent and creative individual**, whose full potential emerges in school.”*

(One of the most forward thinking and progressive framework observed by OECD team elsewhere in Eastern and Central Europe)

2003-2012

### State Education Strategy

1. To establish an effective and sound educational system based on RESPONSIBLE MANAGEMENT, accurate financing and expedient use of resources;
2. To develop a continuous socially well-balanced system of education providing LIFE-LONG LEARNING available to every member of society;
3. To ensure the QUALITY of education catering for the needs of a civic-minded individual living in conditions of an open society and market economy.
