

SICI Workshop "INSPECTING the FUTURE"

Bratislava, Slovakia 05 - 07 June 2013

Falkensteiner Hotel Bratislava

Slovenská republika

### Invitation letter

Dear SICI colleagues,

SICI and ŠŠI would jointly like to invite you to participate in the important SICI event to be held

**in BRATISLAVA, Slovak Republic June 5<sup>th</sup>-7<sup>th</sup> 2013.**

The aim of the strategic session targeted specifically on key SICI member representatives is to guide SICI in the development of the 'Bratislava Memorandum' – a position paper on school inspection and innovation, which will form the culmination of several linked SICI Workshops held throughout 2012 in Estonia, England, Portugal and France.

In an interactive discussion stimulated by an introduction to the futures thinking on education, innovation and change in the context of the OECD Innovative Learning Environment Project , participants will examine possible relationships between innovation and inspection, taking account of the different traditions. The conference will take place in the Falkensteiner Hotel Bratislava. <http://www.falkensteiner.com/sk/hotel/bratislava>

Find attached the conference rationale, the draft programme, registration form and the hotel reservation form.

We hope you find the challenging issue relevant for the future inspecting plans of your institution and you will participate in the workshop. ŠŠI has prepared an attractive additional programme and Bratislava – the beauty on the Danube- is especially attractive in summer season.

We are looking forward to welcome you in the capital of the Slovak Republic in June 2013.

Jozef Javorek

Senior Chief School Inspector

SSI – State School Inspectorate

Slovak Republic

Marie-Helene Ahnborg

SICI President
