

Online Workshop – Paris, September 28, 2022

Equity and Excellence: how can inspectorates work towards meeting these two targets?

The conference will be on Teams. A link will be sent to the participants a few days before the event.

Dear SICI partners,

The French General Inspectorate (IGÉSR) would like to invite you to the last workshop of the year before the General Assembly.

This will be an online event, on **September 28th**, with a double focus:

- 1 - How can inspectorates help reach the two objectives of equity and excellence? Can schools be expected to attain both targets?
- 2 - Sports, Equity and Excellence: what can the school system do for young athletes? What can sport do for the school system?

Research points out that some countries do better at equity, others at excellence; similarly, some schools are noted for their actions to promote equity, others for their academic achievements - not all schools manage to combine the two objectives successfully. We would like to discuss this challenge in the round table and to attract testimonies on this subject as well as on the second topic about sport and its ability to reconcile both objectives.

If you wish to attend the online workshop, please register by filling in the following form before September 21st:

<https://forms.office.com/r/byKLehwJhu>

Contact address for the event: contact.sici@igesr.gouv.fr

We will endeavour to make this online workshop as interactive as possible, so if you wish to volunteer a testimony or to question the speakers on either of the two subjects, the registration form allows you to say so.

We are looking forward to seeing you all online on September 28th and to sharing ideas among SICI members as usual on the year's theme of "Equity and Excellence".

Avec ma très cordiale considération,

Caroline PASCAL
Cheffe de l'inspection générale de l'éducation,
du sport et de la recherche
